

SYEDA MAHAM FATIMA

DEVELOPER AND INNOVATOR

EDUCATION

2024 - Current date

NED UNIVERSITY OF ENGINEERING AND TECHNOLOGY

Undergraduate of Computer Information Systems Engineering

Current CGPA: 3.74

2022 - 2024

BAMM P.E.C.H.S GOVERNMENT COLLEGE OF WOMEN

Intermediate in Pre-Engineering

2020 - 2022

THE EDUCATORS, MALIR KALABOARD KARACHI

Matriculate in Biology Science

EXPERIENCE

GRAPHIC DESIGNER

Designcore360

2022 - 2023

- Assisted in digital marketing campaigns and brand promotions
- Designed a large volume of social media posts, banners, and creatives
- Created customized visual content for gamers and content creators
- Collaborated with marketing and design teams to meet campaign objectives

PROJECTS

Python DBMS

- Developed a basic Database Management System in Python with CRUD operations.

Car Rental System

- Built an OOP-based car rental management system in Python.

File Compression Tool

- Implemented a file compression tool using DSA concepts.

Catering Management System

- Designed a SQL based system for managing catering orders and customer records.

2048 Game

- Built a basic 2048 game with grid logic and scoring.

AC to DC Converter

- Designed an AC to DC converter circuit using rectifier and filter components.

Sequence Detector Circuit

- Designed a sequence detector circuit using sequential logic to identify binary patterns.

Wireless Power Transmission

- Built a basic wireless power system using electromagnetic induction for short range transfer.

Processor Design

- Developed a simplified processor model to simulate instruction execution and CPU operations.

SUMMARY

Motivated Computer Engineering student with skills in Python, SQL, OOP, and problem-solving. Strong foundation in software development and basic electronics, with experience in academic projects and proficiency in Microsoft Office. Eager to apply technical knowledge to real-world challenges.

SKILLS

- Programming in Python
- Object Oriented Programming (OOP)
- SQL and Database Management
- Data Structures and Algorithms (DSA)
- Computer Organization and Design
- Problem Solving and Logical Thinking
- Basic Electronics and Electrical Concepts
- Arduino (Beginner Level)
- Microsoft Office (Word, Excel, PowerPoint)
- Graphic Designing (Photoshop, Canva, After Effects)
- Analytical and Critical Thinking

ACHEIVEMENTS

- Higher achiever Certificate in HSC part I and part II.
- Logic Force Champion ,CIS Community Winter Coding Activity
- Perfect Streaker ,CIS Coders Arena
- Committed Learner ,Coding Skills Development
